

Changes in Version 2.1.1

- Rephrasing of some paragraphs
- UML figures are now SBML style
- Layout information moved to annotation of the model
- No more semantic overload of bounding box in ReactionGlyphs

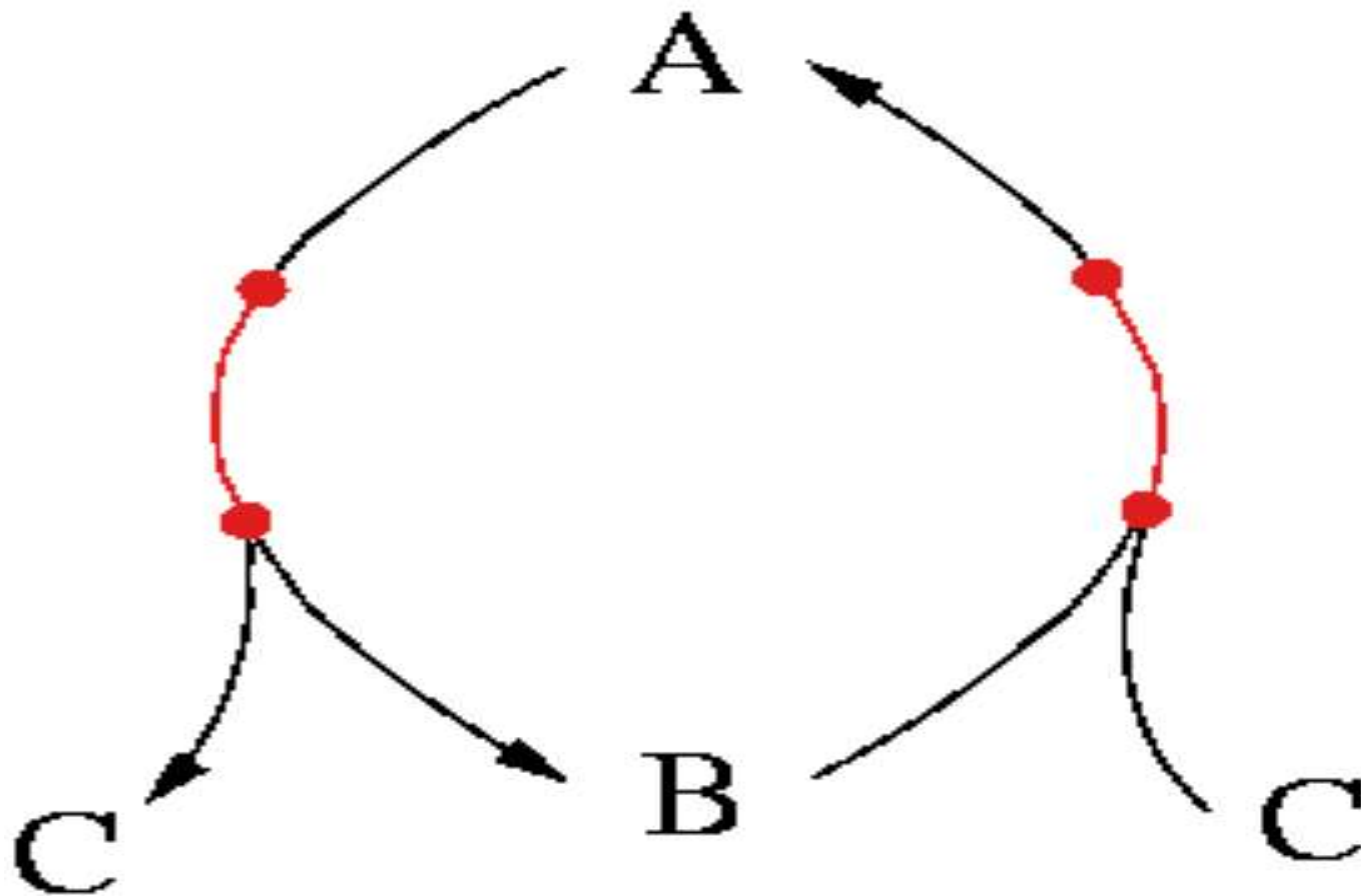

Abuse of Bounding Boxes

Changes in Version 2.1.1

- Rephrasing of some paragraphs
- UML figures are now SBML style
- Layout information moved to annotation of the model
- No more semantic overload of bounding box in ReactionGlyphs
- Dimensions can only have positive values

ReactionGlyphs as Curves
